# Homework Schedule

- See **Homework** tab at <https://oss.cs.fau.de/oss-coss-course>

# Week Terminology

- This week = current course week (starts with lecture)
- Last week = the course week before this week
- Next week = the course week after this week

# Weekly Homework

- Submit homework as PDF to course management system
  - Name files team-x-cw-y.pdf
    - Where x is your team number
    - And y is the course week number
- Submission closes right before class (submit by then)

# Project Pitch (Type of Homework)

- Every team can submit exactly one pitch
  - The pitch must fit into one of three categories
    - New (to be created) open source project
    - Existing successful community open source project
    - Software of existing commercial vendor
  - The pitch must explain why
    - This project / software is a good fit for the course
      - Is it fun?
      - Does it make sense?
      - Will everyone find enough material?
    - In three slides or less; be prepared to present it

# Homework Bundle (Type of Homework)

- Present your business model so far
  - Answer questions according to homework bundle # slides
    - Do not add slides; stick to three slides per student per session
    - More slides are acceptable in (ungraded) backup section

# Final Report (Type of Homework)

- Provide business plan based on business model canvas
  - Use final report template; don't go beyond ten pages

# Thank you! Questions?
